Preface

This Advance Legislative Service is provided as part of the annual supplement service to all subscribers to the Tennessee Code Annotated. Depending upon the availability of acts, pamphlets will be issued at approximately monthly intervals.

The acts are reproduced as received by the publisher, and no corrections or editorial changes have been made.

This pamphlet contains a summary of public acts passed during the 2022 Regular Session of the Tennessee General Assembly, the text of these acts, a cumulative table of Tennessee Code Annotated sections which have been amended, repealed, transferred, or added, a table of effective dates, and a cumulative index. The text of acts also contains marginal notes of code sections amended, repealed, transferred, or added, and marginal notes of effective dates. Tennessee Code Annotated section numbers and subsection and subdivision designations are subject to change by the Tennessee Code Commission pursuant to T.C.A. §1-1-108. Section numbers not assigned by the General Assembly are identified by an asterisk in the Table of Sections Affected. In instances where the effective date could not be determined because it is dependent upon some future contingency, an asterisk and footnote have been inserted explaining the contingency.

This pamphlet does not contain notes to recent cases, Attorney General opinions or law review annotations, or Tennessee Code Annotated section corrections or compiler or code commission notes. For this information, please refer to the Advance Code Service.

Please note that any law requiring the expenditure of state funds may be null and void under Tennessee Constitution Art. II, §24, as amended in 1978, unless the first-year funding is approved in the year in which the act is passed.

By Curtis Johnson, Williams

AN ACT to amend Tennessee Code Annotated, Section 3-1-102, relative to senatorial districts.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

[3-1-102]

SECTION 1. Tennessee Code Annotated, Section 3-1-102, is amended by deleting subsection (a) and substituting instead the following:

(a) Senators elected to the One Hundred Twelfth General Assembly shall, until the next general election for senators, represent their respective districts as constituted prior to the effective date of this act. Nothing in this section shall be construed as depriving any member of the senate of the One Hundred Twelfth General Assembly of such member's office, or as affecting or modifying the constitutional requirement of staggered senatorial terms, or as affecting or modifying any other provisions of Article II, Section 3 of the Constitution of Tennessee. At the November 2022 general election, and thereafter until changed by law, senators shall be elected to represent the districts as constituted and provided by this section. On the date of such November 2022 general election and thereafter until changed by law, senators shall represent the districts as constituted and provided by this section. If an election is required prior to the general election in November 2022, to fill a vacancy in accordance with Article II, Section 15(a) of the Constitution of Tennessee, then the election to fill the vacancy shall be held in the district as constituted and provided prior to the effective date of this act.

[3-1-102]

SECTION 2. Tennessee Code Annotated, Section 3-1-102(b)(1), is amended by deleting the language "2010" and substituting instead the language "2020".

By Marsh, Williams

AN ACT to amend Tennessee Code Annotated, Section 2-16-103, relative to congressional districts.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

[2-16-103]

SECTION 1. Tennessee Code Annotated, Section 2-16-103, is amended by deleting the section and substituting instead the following:

(a)(1) All census descriptions, counties, voting districts (VTDs), tracts, blocks, census delineations, census district lines, and other census designations are those established for or by the United States department of commerce, bureau of the census, for taking the 2020 federal decennial census in Tennessee as contained in the automated geographic database, known as the TIGER (topologically integrated geographic encoding and referencing) system.

(2) As provided in subsection (b), each district is described county by county in alphabetical order and, if a county is split, by the portion of such split county. Split counties are described by VTDs and, if further divided, by census blocks.

(b) The state of Tennessee is divided into the following nine (9) congressional districts composed as follows:

AN ACT to amend Tennessee Code Annotated, Section 3-1-103, relative to state representative districts.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

[3-1-103]

SECTION 1. Tennessee Code Annotated, Section 3-1-103, is amended by deleting the section in its entirety and substituting instead the following:

(a)

(1) All census descriptions, counties, voting districts (VTDs), tracts, blocks, census delineations, census district lines, and other census designations are those established for or by the United States department of commerce, bureau of the census, for taking the 2020 federal decennial census in Tennessee as contained in the automated geographic database, known as the TIGER (topologically integrated geographic encoding and referencing) system.

(2) As provided in subsection (c), each district is described county by county in alphabetical order and, if a county is split, by the portion of such split county. Split counties are described by VTDs and, if further divided, by census blocks.

(b) It is the intention of the general assembly that:

(1) Each district be represented by a single member;

(2) Districts are substantially equal in population in accordance with constitutional requirements for "one (1) person one (1) vote" as judicially interpreted to apply to state legislative districts;

(3) Geographic areas, boundaries, and population counts used for redistricting are based on the 2020 federal decennial census;

(4) Districts are contiguous, and contiguity by water is sufficient, and, toward that end, if any voting district or other geographical entity designated as a portion of a district is found to be noncontiguous with the larger portion of such district, it must be constituted a portion of the district smallest in population to which it is contiguous;

(5) No more than thirty (30) counties are split to attach to other counties or parts of counties to form multi-county districts; and

(6) The redistricting plan complies with the Voting Rights Act and the fourteenth and fifteenth amendments to the United States Constitution.

(c) Until the next enumeration of qualified voters and apportionment of representatives, the state house of representatives is composed as follows:

SENATE BILL NO. 1754

By Johnson

AN ACT to amend Tennessee Code Annotated, Title 47, relative to financial transactions.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

[T. 47, ch. 33; 47-33-101; 47-33-102; 47-33-103; 47-33-104]

SECTION 1. Tennessee Code Annotated, Title 47, is amended by adding the following as a new chapter:

47-33-101. Short title.

This chapter is known and may be cited as the "LIBOR Discontinuance and Replacement Act."

47-33-102. Chapter definitions.

As used in this chapter:

(1) "Benchmark" means an index of interest rates or dividend rates that is used, in whole or in part, as the basis of, or as a reference for, calculating or determining a valuation, payment, or other measurement under or in respect of a contract, security, or instrument;

(2) "Benchmark replacement" means a benchmark, or an interest rate or dividend rate, that may be based in whole or in part on a prior setting of LIBOR, to replace LIBOR or an interest rate or dividend rate based on LIBOR, whether on a temporary, permanent, or indefinite basis, under or in respect of a contract, security, or instrument;

(3) "Benchmark replacement conforming changes":

(A) Means technical, administrative, or operational changes, alterations, or modifications that are associated with and reasonably necessary to the use, adoption, calculation, or implementation of a recommended benchmark replacement and that have been selected or recommended by a relevant recommending body; and

(B) Includes, if, in the reasonable judgment of the calculating person, the benchmark replacement conforming changes selected or recommended pursuant to subdivision (3)(A) do not apply to the contract, security, or instrument or are insufficient to permit administration and calculation of the recommended benchmark replacement, other changes, alterations, or modifications that:

(i) In the reasonable judgment of the calculating person, are necessary to permit administration and calculation of the recommended benchmark replacement under or in respect of the

contract, security, or instrument in a manner consistent with market practice for substantially similar contracts, securities, or instruments and, to the extent practicable, the manner in which the contract, security, or instrument was administered immediately prior to the LIBOR replacement date; and

(ii) Would not result in a disposition of the contract, security, or instrument for United States federal income tax purposes;

(4) "Calculating person" means, with respect to a contract, security, or instrument, a person responsible for calculating or determining a valuation, payment, or other measurement based on a benchmark, and may be the determining person;

(5) "Contract, security, or instrument" means a contract, agreement, mortgage, deed of trust, lease, instrument, other obligation, or security, whether representing debt or equity, and including an interest in a corporation, a partnership, or a limited liability company;

(6) "Determining person" means, with respect to a contract, security, or instrument, in the following order of priority:

(A) A person so specified; or

(B) A person with the authority, right, or obligation to do the following:

(i) Determine the benchmark replacement that will take effect on the LIBOR replacement date;

(ii) Calculate or determine a valuation, payment, or other measurement based on a benchmark; or

(iii) Notify other persons of a LIBOR replacement date or a benchmark replacement;

(7) "Fallback provisions" means terms in a contract, security, or instrument that set forth a methodology or procedure for determining a benchmark replacement, including terms relating to the date on which the benchmark replacement becomes effective, without regard to whether a benchmark replacement can be determined in accordance with the methodology or procedure;

(8) "LIBOR" means, for purposes of the application of this chapter to a particular contract, security, or instrument, United States dollar LIBOR, formerly known as the London Interbank Offered Rate, as administered by ICE Benchmark Administration Limited, or a predecessor or successor thereof, and a tenor thereof, as applicable, that is used in making a calculation or determination thereunder;

(9) "LIBOR replacement date":

(A) Means:

(i) In the case of one-week and two-month tenors of LIBOR, the effective date of this act; and

(ii) In the case of all other tenors of LIBOR, the first London banking day after June 30, 2023, unless the relevant recommending body determines that the other LIBOR tenors will cease to be published or cease to be representative on a different date; and

(B) Does not mean a date that affects one (1) or more tenors of LIBOR with respect to a contract, security, or instrument that:

(i) Provides for only one (1) tenor of LIBOR, if the contract, security, or instrument requires interpolation and the affected tenor can be interpolated from LIBOR tenors that are not so affected; or

(ii) Permits a party to choose from more than one (1) tenor of LIBOR and any of the tenors is not so affected or, if the contract, security, or instrument requires interpolation, the affected tenor can be interpolated from LIBOR tenors that are not so affected;

(10) "Recommended benchmark replacement" means a benchmark replacement based on SOFR, including a recommended spread adjustment and benchmark replacement conforming changes, that has been selected or recommended by a relevant recommending body with respect to the type of contract, security, or instrument;

(11) "Recommended spread adjustment" means a spread adjustment, or method for calculating or determining the spread adjustment, that:

(A) Has been selected or recommended by a relevant recommending body for a recommended benchmark replacement for a particular type of contract, security, or instrument and for a particular term to account for the effects of the transition or change from LIBOR to a recommended benchmark replacement; and

(B) May be a positive or negative value or zero (0);

(12) "Relevant recommending body" means the federal reserve board, the federal reserve bank of New York, or the Alternative Reference Rates Committee, or a successor to those entities; and

(13) "SOFR" means with respect to a day, the secured overnight financing rate published for that day by the federal reserve bank of New York, as the administrator of the benchmark, or a successor administrator, on the federal reserve bank of New York's website.

47-33-103. Recommended benchmark replacement for certain contracts, securities, or instruments; fallback provisions.

(a) On the LIBOR replacement date, the recommended benchmark replacement, by operation of law, is the benchmark replacement for a contract, security, or instrument that uses LIBOR as a benchmark and:

(1) Contains no fall back provisions; or

(2) Contains fallback provisions that result in a benchmark replacement, other than a recommended benchmark replacement, that is based in any way on a LIBOR value.

(b) Following the effective date of this act, fallback provisions in a contract, security, or instrument that provide for a benchmark replacement based on or otherwise involving a poll, survey, or inquiries for quotes or information concerning interbank lending rates or an interest rate or dividend rate based on LIBOR must be disregarded as if not included in the contract, security, or instrument and are void.

(c)(1) This subsection (c) applies to a contract, security, or instrument that uses LIBOR as a benchmark and contains fallback provisions that permit or require the selection of a benchmark replacement that:

(A) Is based in any way on a LIBOR value; or

(B) Is the substantive equivalent of § 47-33-104(a)(1), (a)(2), or (a)(3).

(2) A determining person has the authority under this chapter, but is not required, to select the recommended benchmark replacement as the benchmark replacement. The selection of the recommended benchmark replacement:

(A) Is irrevocable;

(B) Must be made by the earlier of either the LIBOR replacement date, or the latest date for selecting a benchmark replacement according to the contract, security, or instrument; and

(C) Must be used in determinations of the benchmark under or with respect to the contract, security, or instrument occurring on and after the LIBOR replacement date.

(d) If a recommended benchmark replacement becomes the benchmark replacement for a contract, security, or instrument pursuant to this section, then all benchmark replacement conforming changes that are applicable to the recommended benchmark replacement become an integral part of the contract, security, or instrument by operation of law.

(e) This chapter does not alter or impair the following:

(1) A written agreement by all requisite parties that, retrospectively or prospectively, provides, without necessarily referring specifically to this chapter, that a contract, security, or instrument is not subject to this chapter. For purposes of this subdivision (e)(1), "requisite parties" means all parties required to amend the terms and provisions of a contract, security, or instrument that otherwise would be altered or affected by this chapter;

(2) A contract, security, or instrument that contains fallback provisions that would result in a benchmark replacement that is not based on LIBOR, including, but not limited to, the prime rate or the federal funds rate, except that the contract, security, or instrument is subject to subsection (b);

(3) A contract, security, or instrument subject to subsection (c) as to which a determining person does not elect to use a recommended benchmark replacement or as to which a determining person elects to use a recommended benchmark replacement prior to the effective date of this act, except that the contract, security, or instrument is subject to subsection (b); and

(4) The application to a recommended benchmark replacement of a cap, floor, modifier, or spread adjustment to which LIBOR had been subject pursuant to the terms of a contract, security, or instrument.

(f) Notwithstanding the uniform commercial code or another law of this state, this chapter applies to all contracts, securities,

and instruments, including contracts with respect to commercial transactions and is not displaced by another law of this state.

47-33-104. Construction and effect of selection or use of a recommended benchmark replacement; liability.

(a) The selection or use of a recommended benchmark replacement as a benchmark replacement under or in respect of a contract, security, or instrument by operation of § 4 7-33-103 constitutes:

(1) A commercially reasonable replacement for and a commercially substantial equivalent to LIBOR;

(2) A reasonable, comparable, or analogous term for LIBOR under or in respect of the contract, security, or instrument;

(3) A replacement that is based on a methodology or information that is similar or comparable to LIBOR; and

(4) Substantial performance by a person of a right or obligation relating to or based on LIBOR under or in respect of a contract, security, or instrument.

(b) A LIBOR replacement date, or an event or condition giving rise to a LIBOR replacement date; the selection or use of a recommended benchmark replacement as a benchmark replacement; or the determination, implementation, or performance of benchmark replacement conforming changes, by operation of § 47-33-103, does not:

(1) Impair or affect the right of a person to receive a payment, or affect the amount or timing of the payment, under a contract, security, or instrument;

(2) Have the effect of discharging or excusing performance under a contract, security, or instrument for a reason, claim, or defense, including, but not limited to, a force majeure or other provision in a contract, security, or instrument;

(3) Have the effect of giving a person the right unilaterally to terminate or suspend performance under a contract, security, or instrument;

(4) Have the effect of constituting a breach of a contract, security, or instrument; or

(5) Have the effect of voiding a contract, security, or instrument.

(c) A person does not have liability for damages to another person, and is not subject to a claim or request for equitable relief, arising out of or related to the selection or use of a recommended benchmark replacement or the determination, implementation, or performance of benchmark replacement conforming changes, in each case, by operation of § 47-33-103, and the selection or use of the recommended benchmark replacement or the determination, implementation, or performance of benchmark replacement conforming changes does not give rise to a claim or cause of action by a person in law or in equity.

(d) Neither the selection or use of a recommended benchmark replacement nor the determination, implementation, or performance of benchmark replacement conforming changes, by operation of §

47-33-103, amends or modifies a contract, security, or instrument or prejudices, impairs, or affects a person's rights, interests, or obligations under or in respect of a contract, security, or instrument.

(e) Except as provided in § 47-33-103(a) or (c), this chapter does not create a negative inference or negative presumption regarding the validity or enforceability of:

(1) A benchmark replacement that is not a recommended replacement benchmark;

(2) A spread adjustment, or method for calculating or determining a spread adjustment, that is not a recommended spread adjustment; or

(3) A change, alteration, or modification to or in respect of a contract, security, or instrument that is not a benchmark replacement conforming change.

[Effective date 3/15/2022]

SECTION 2. If a provision of this act or its application to a person or circumstance is held invalid, then the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to that end, the provisions of this act are severable.

[Effective date 3/15/2022]

SECTION 3. The headings in this act are for reference purposes only and do not constitute a part of the law enacted by this act. However, the Tennessee Code Commission is requested to include the headings in any compilation or publication containing this act.

(f) For the purposes of this chapter, an appeal is filed when the appointing authority, the commissioner, or the board of appeals, depending on whether the appeal is being made under Step I, II, or III as provided in subsection (h), receives a written or electronic copy of the appeal. If a physical copy of the appeal is mailed to the agency, then the timeliness of the appeal must be determined by the date postmarked on the envelope.

[8-30-318]

SECTION 21. Tennessee Code Annotated, Section 8-30-318(9), is amended by deleting the subsection and substituting:

(g) A remedy granted under this section must not extend back more than thirty (30) calendar days before the appeal was filed.

[8-30-318]

SECTION 22. Tennessee Code Annotated, Section 8-30-318(h), is amended by deleting the subsection and substituting:

(h) The following appeal procedure is established:

(1)(A) Step I: The appealing employee must reduce the appeal to writing and file the appeal with the appealing employee's appointing authority. In the appeal, the employee must provide a statement detailing why the discipline issued was in error and should be overturned or reduced. The appointing authority or appointing

authority's designee must conduct an investigation if necessary, meet with the employee, and issue a decision, in writing, no later than twenty (20) calendar days after the date the appointing authority receives the appeal. The appointing authority or designee shall provide to the employee in advance of the meeting a copy of all relevant evidence in the appointing authority's or designee's possession. The appointing authority or designee shall make all reasonable efforts to gather all relevant evidence that is germane to the meeting prior to conducting the meeting for purposes of providing the information to the employee. If evidence is part of an active criminal investigation or prosecution by a law enforcement agency, or is otherwise deemed confidential under existing law, then the evidence must not be provided in advance of the hearing; provided, that the employee must be presented with the evidence during the meeting if the evidence will be relied upon by the appointing authority for purposes of issuing a decision. If applicable, the employee must acknowledge in writing that the employee was presented with the evidence. Unless otherwise provided for in this section, all evidence in possession of the appointing authority or designee prior to the meeting that was not provided to the employee in accordance with this subdivision (h)(1)(A) must not be considered by the appointing authority for purposes of issuing a decision. Prior to issuing a decision, the appointing authority or designee may independently collect new evidence regarding a factual issue raised during a proceeding under Step I. If the appointing authority or designee independently collects new evidence, then the appointing authority or designee must provide a copy of the new evidence, as soon as practicable, to the employee. Copies of confidential evidence must not be distributed to the employee, but the employee must be afforded an opportunity to be presented with the evidence. The employee, not later than three (3) business days after receiving the evidence, may submit a response to the appointing authority or designee in support of opposition to the new evidence, and may include with the response other evidence obtained by the employee relating to the response. The appointing authority or designee must not issue a decision until the employee has been afforded the opportunity to respond to all new evidence in accordance with this subdivision (h)(1)(A), unless doing so violates the twenty-calendar-day timeframe.

(B)(i) Step II: If the appointing authority or designee does not find in favor of the employee or does not issue a timely decision, then the employee may appeal to the commissioner of human resources by filing the appeal no later than fourteen (14) calendar days after the date of the appointing authority's written decision or, in the case of a failure to issue a timely decision, the date on which the appointing authority's written decision was due. The commissioner of human resources must review the appeal and the appointing authority's decision, if any, and issue a decision in writing no later than thirty (30) calendar days after the date the appeal was filed with the commissioner. Prior to issuing a decision, the commissioner may independently collect new evidence regarding factual issues raised during a proceeding under Step I. If the commissioner independently collects such evidence, then

the commissioner must provide a copy of the evidence to the employee as soon as practicable. Copies of confidential evidence must not be distributed to the employee, but the employee must be afforded an opportunity to be presented with such evidence. No later than three (3) business days after receiving the evidence, the employee may submit a response to the commissioner in support of or opposition to the new evidence, and may include with the response other evidence obtained by the employee relating to the response. The commissioner shall not issue a decision until the employee has been afforded the opportunity to respond to all new evidence or information in accordance with this subdivision (h)(1)(B)(i), unless doing so violates the thirty-calendar-day timeframe.

(ii) At Step II, it is the duty of the employee to provide a written justification to the commissioner describing why the employee believes the Step I decision was in error and ought to be overturned, reduced, or amended. If there was not a timely Step I decision, then at Step II, it is the duty of the employee to provide a written justification to the commissioner describing why the employee believes the original dismissal, demotion, or suspension was in error and ought to be overturned, reduced, or amended. The written justification must specifically address the employee's individual circumstances and the merits of the Step I decision, if applicable. An employee failing to provide a written justification to the commissioner is not eligible to appeal to Step III.

(C)(i) Step III: Subject to the prohibition in subdivision (h)(1)(B)(ii), an employee or an appointing authority may appeal the commissioner's Step II decision in writing to the board of appeals no later than fourteen (14) calendar days after receiving written notice of the decision. Subject to the prohibition in subdivision (h)(1)(B)(ii), and in the event that the commissioner does not issue a timely Step II decision, then an employee may appeal the decision of the appointing authority in writing to the board of appeals no later than fourteen (14) calendar days after the date on which the commissioner's Step II decision was due. Within ten (10) calendar days after the receipt of the appeal, the administrative law judge assigned to assist the board of appeals in the proceedings related to the appeal shall determine whether the appealing party timely satisfied all procedural requirements. If the appealing party did not timely satisfy a procedural requirement, then the appeal must be dismissed. Otherwise, the board of appeals shall conduct proceedings in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, as modified herein.

(ii) The appealing party, whether it be the employee or appointing authority, bears the burden of proof during the Step III proceeding.

(2) Each hearing under this chapter must occur before a panel of at least three (3) members of the board of appeals, assisted by one (1) administrative law judge (ALJ). The ALJ shall assist at the hearing by ruling on questions regarding the admissibility of evidence, swearing-in of witnesses, advising members of the board of appeals on the

law of the case, and ensuring that the proceedings are carried out in accordance with this chapter and other applicable law. At no time must the ALJ take part in the determination of a question of fact. An ALJ, upon timely motion, may decide a procedural question of law.

(3) The board of appeals shall issue a final decision in a proceeding no later than one hundred twenty (120) calendar days after the date of the filing of the appeal with the board of appeals unless an extension has been granted in accordance with subdivision (i)(5).

The person making the payment, transfer, or delivery shall not be required to see to its application or to inquire into the truth or completeness of any statement in the affidavit.

(c) The decedent's personal property shall be distributed to the decedent's heirs as provided by law. The person to whom payment, transfer, or delivery of any personal property is made by the affiant shall be liable and remain liable, to the extent of the value of the

personal property received, to unpaid creditors of the decedent, to anyone who had a prior right to the decedent's personal property, or to any personal representative of the decedent thereafter appointed. If distribution is made prior to payment of all medical assistance owed to TennCare under § 71-5-116, both the affiant and the person to whom payment, transfer, or delivery is made by the affiant shall be liable to TennCare and remain liable, to the extent of the value of the personal property received.

(A) Transfer and delivery of the personal property may be compelled in an action brought in any court of competent jurisdiction for that purpose upon proof of the facts required to be stated in the affidavit; and

(B) Costs of the proceeding must be adjudged against the person wrongfully refusing to pay, transfer, or deliver the personal property.

(e) If during the administration of the small estate affidavit limited letter of authority, the affiant or a creditor of the decedent discovers additional assets that exceed the statutory small estate limitation, then the court may allow the small estate affidavit to be converted into probate administration by application of a verified petition pursuant to § 30-1-117 by the affiant or a creditor of the decedent to the court. The affiant is liable for the assets which may have been disposed of under the small estate affidavit limited letter of authority prior to the conversion.

[4-3-5105]

SECTION 1. Tennessee Code Annotated, Section 4-3-5105, is amended by adding the following new subdivision:

(11)(A) Manage appeals before the state board. Such management includes, but is not limited to, the power and duty to:

(i) Serve as the hearing officer for hearings before the board or the assessment appeals commission, if a hearing officer is appointed. The hearing officer may receive and grant motions to reschedule a hearing, withdraw an appeal, and adopt agreed or settlement orders submitted by parties;

(ii) Schedule hearings, prehearing conferences, or other such hearings or meetings as may be necessary or advisable to ensure the efficient hearing of appeals; and

(iii) Issue scheduling or discovery orders, or orders addressing discovery disputes, motions in limine, or other motions that are purely questions of law;

(B) This subdivision (11) is inclusive of any authority or responsibilities of the executive secretary that are otherwise provided by law and does not limit the executive secretary's authority in any way.

[67-5-212]

SECTION 2. Tennessee Code Annotated, Section 67-5-212, is amended by deleting subdivision (b)(5) and substituting instead:

(5) Revocation of tax-exempt status. (A) The state board of equalization may revoke any exemption approved under this section, either in whole or in part, if it determines the exemption was approved on the basis of fraud, misrepresentation, or erroneous information; the current owner of the property does not qualify for exemption; or the property is not actually being used for an exempt purpose. Property is not occupied and used for an exempt purpose if the property is not currently in use, has been abandoned, is not suitable for human habitation, or is being used for a nonexempt purpose.

(B) The board may initiate proceedings for revocation of a property's tax-exempt status on its own motion or upon the written complaint of any person. Revocation is not retroactive unless the order of revocation incorporates a finding of fraud or misrepresentation on the part of the applicant or failure of the applicant to give notice of a change in the use or ownership of the property as required by this section.

(C) The board, the executive secretary, or the executive secretary's designee may determine that property no longer qualifies for property tax exemption or may modify the tax-exempt status of a property. The board shall revoke a property's tax-exempt status through its staff designee. Written notice of the revocation must be sent to the property owner, the county assessor of property, and the county trustee, specifying the date the property's tax-exempt status ends. Written notice includes notification by electronic means, and the record of notice may be preserved in digital or electronic format. Either the county assessor of property or the property owner may appeal the initial determination to the board and is entitled to a hearing prior to any final determination.

(D) A revocation is final ninety (90) days after the date the written notice is sent, absent an appeal filed pursuant to § 67-5-1501(c). An appeal of a revocation of a property's tax-exempt status must be treated as an appeal for purposes of § 67-5-1512.

[Effective date 3/18/2022]

SECTION 3. If any provision of this act or its application to any person or circumstance is held invalid, then the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to that end, the provisions of this act are severable.

[Effective date 3/18/2022]

AN ACT to amend Tennessee Code Annotated, Title 7 and Title 65, relative to the Tennessee Natural Gas Innovation Act.

WHEREAS, natural gas utilities provide a critical source of energy to Tennessee homes and businesses; and

WHEREAS, increasing the resilience of natural gas supplies is in the public interest; and

WHEREAS, technology continues to advance allowing natural gas companies to reduce their emissions while creating economic development opportunities; and

WHEREAS, the Tennessee General Assembly finds that it is in the public interest to capture excess methane for beneficial use; and

WHEREAS, beneficial use of those excess methane products can create new revenue streams for farmers, municipalities, and others while increasing resilience by adding new sources of fuel; and

WHEREAS, natural gas utilities are leading the way in reducing their emissions profile in all phases of the supply chain; and

WHEREAS, the Tennessee General Assembly finds that it is in the public interest for utilities to invest in multiple ways in a manner that maintains American competitiveness and energy affordability and reliability while creating a pathway to reducing greenhouse gas emissions in the State; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

[65-5-114]

(c) A public utility may request, and the commission may authorize, a mechanism to recover the costs related to the use or development of infrastructure to facilitate use of innovative natural gas resources for natural gas utility customers, if the commission finds that the costs are in the public interest. Such a mechanism may include:

AN ACT to amend Tennessee Code Annotated, Title 7, Chapter 82, Part 7, relative to the utility management review board.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

[7-82-702]

SECTION 1. Tennessee Code Annotated, Section 7-82-702(a), is amended by adding the following as a new subdivision:

(20) Require a utility district to merge or consolidate with a financially distressed utility district if the merger or consolidation is in the best interest of the public being served by the financially distressed utility district and does not harm the public being served by the utility district with which the financially distressed district is required to consolidate or merge in accordance with the process provided in § 7-82-704.

[7-82-704]

SECTION 2. Tennessee Code Annotated, Section 7-82-704, is amended by deleting the section and substituting:

(a)(1) If a utility district is financially distressed or is financially unable to expand the amount or type of service or services as set forth and described in its petition for creation pursuant to § 7-82-201, then the utility management review board may consider the merger or consolidation of the utility district with another utility district or districts to restore financial stability and to ensure continued operations for the benefit of the public being served by the utility district.

(2)(A) After reviewing the audited annual financial report and operations of the financially distressed utility district, the board may order the financially distressed utility district to obtain a study from a qualified expert on the feasibility and benefit of the financially distressed district merging or consolidating with another utility district. For purposes of this subdivision (a)(2), the board shall determine whether a person or legal entity constitutes a qualified expert.

(B) After the results of the study are submitted to the board or the board's staff, and if the results favor a merger or consolidation, then a representative of the board shall hold a public hearing within the service area of the financially distressed district to notify the customers of the potential merger or consolidation.

(3)(A) After the public hearing described in subdivision (a)(2) occurs, the board shall conduct an informal hearing on the question of whether it is in the best interest of the public being served by the financially distressed utility district, and does not harm the public being served by the utility district with which the financially distressed district may consolidate or merge, that the financially distressed utility district should be merged or consolidated with another utility district.

(B) In making the determination pursuant to subdivision (a)(3)(A), the board shall consider:

(i) The results of the study;

(ii) Comments that the board representative received at the public hearing that occurred within the service area of the district;

(iii) Other evidence presented by the financially distressed district and the district with which the financially distressed district may merge or consolidate; and

(iv) Other evidence presented to the board.

(C) The board should properly notify the financially distressed district and the district with which the financially distressed district may merge or consolidate of the date and time of the informal hearing and allow each party a reasonable opportunity to address the board.

(4) If the utility management review board determines that it is in the best interest of the public being served by the financially distressed utility district that the financially distressed utility district merge or consolidate with another utility district, and that it is not harmful to the public being served by the utility district with which the financially distressed utility district should merge or consolidate, then the board shall order the districts to develop a merger or consolidation agreement between the districts. The agreement must include, but is not limited to, the following components:

(A) An assurance that the districts have sought and obtained, or will seek and obtain, all necessary approvals from the United States department of agriculture, the Tennessee local development authority, the Tennessee department of environment and conservation, or another interested party for the assumption of the financially distressed district's outstanding debt obligations;

(B) A transfer of all other rights and duties of the financially distressed district to the district with which the financially distressed district is to merge or consolidate;

(C) An assumption of all assets and liabilities of the financially distressed district to the district with which the financially distressed district is to merge or consolidate;

(D) A transfer of all appropriate documents to vest legal title of the financially distressed district to the district with which the financially distressed district is to merge or consolidate;

(E) A provision that the district with which the financially distressed district is to merge or consolidate will operate the system and

account for the revenues therefrom in such a manner as not to impair contractual or other legal obligations of the financially distressed utility district;

(F) A provision describing the merged or consolidated district's new territorial boundaries;

(G) An initial rate structure for the newly merged or consolidated utility district; and

(H) Other provisions necessary to comply with applicable state and federal laws such that the districts are solely responsible for ensuring that the terms of the merger or consolidation agreement address all necessary topics and comply with relevant state and federal laws.

(5) After the districts have drafted a complete agreement, the utility management review board shall enter an order approving the merger or consolidation agreement and shall require the utility districts to enter into the merger or consolidation agreement. If the board finds that a provision of the agreement is unreasonable or deficient, then the board may order the parties to amend the agreement or resolve the deficiency in a fair and reasonable manner. If, after the parties have attempted to develop an agreement in good faith, they are unable to come to an agreement, then the utility management review board may resolve topics of disagreement in a fair and reasonable manner and have the parties amend the agreement to reflect the determination of the board. If the utility management review board determines that the districts have refused or failed to enter into good faith negotiations on a merger or consolidation, then the utility management review board shall petition the chancery court in a jurisdiction in which the utility district is operating to require the party or parties to engage in good faith negotiations concerning a merger or consolidation.

(6) If the board of commissioners of the utility district does not enter into the approved merger or consolidation agreement or fails to abide by the terms and conditions of the merger or consolidation agreement, then the utility management review board shall petition the chancery court in a jurisdiction in which the utility district is operating to enforce the utility management review board's order to require the board of commissioners to enter into the approved merger or consolidation agreement and to abide by and implement all of the terms and conditions of the merger or consolidation agreement.

(7) A merger or consolidation approved by the utility management review board under this section is not subject to the petition, public hearing, or mayoral order requirements of § 7-82-202, § 7-82-601, or § 7-82-603. A merger or consolidation approved under this section is not subject to approval by a county legislative body under§ 7-82-202(a)(3)(B).

(8) After the utility management review board has ordered the utility districts to enter into the merger or consolidation agreement negotiated under this section, and after the utility districts have entered into the agreement, the utility management review board shall

issue an order like that required of a mayor pursuant to § 7-82-202(e). After the board issues the order, a party to the agreement may secure judicial review of the decision by filing a petition for judicial review in the appropriate venue as set forth in § 4-5-322(b).

(9) The utility management review board shall file the order required by subdivision (a)(5) in the same manner as orders creating utility districts are filed under § 7-82-202(d). The utility management review board shall also file a copy of its order with the county mayor or mayors wherein the consolidated or merged districts are located.

(10)(A) The utility districts may agree to expand the size of the board of commissioners of the surviving district as permitted by § 7-82-202(e)(2) and (3). In such an event, the districts shall assert their intention to expand the size of the board of commissioners of the surviving district and name qualified individuals to serve on the new board in the consolidation or merger agreement. If the utility management review board approves of the agreement, then those individuals shall serve on the board of commissioners of the merged or consolidated district until their terms expire, at which time the county mayors shall appoint commissioners in accordance with the procedures set out in this chapter.

(B) If the utility districts do not agree to expand the size of the board of commissioners of the surviving district as provided in subdivision (a)(10)(A), then the current commissioners of the surviving district must serve the remainder of their terms. Upon the first expiration of a commissioner's term after the merger or consolidation is completed, the appropriate county mayor shall appoint a person from the service area of the previously financially distressed district to fill the seat.

(b) In order to mitigate any negative financial impact of such a merger or consolidation on the utility district or districts agreeing to merge or consolidate with a financially distressed utility district, the board is authorized to develop a plan of mitigation payments to the merged or consolidated utility system. The mitigation payments must be made from funds available in the utility district revitalization fund and may include:

(1) Amounts to offset increased administrative costs relating to the merger or consolidation, to the extent those costs cannot reasonably be recovered from customer revenues or other assets of the financially distressed utility district;

(2) Amounts that may be necessary to cure a default on indebtedness of the financially distressed utility district to the extent the defaults can, in the opinion of the board, reasonably be cured;

(3) Amounts that may be necessary to renovate and repair the facilities of the financially distressed utility district to the level necessary to enable the merged or consolidated utility system to provide continued service to the public being served by the financially distressed utility district; and

(4) Other payments as may be necessary in the opinion of the board to accomplish the merger or consolidation and mitigate the financial impact of the merger or consolidation.

[7-82-707]

7-82-710.

(a)(1) There is created in the state treasury a fund to be known as the "utility district revitalization fund."

(3) Interest and earnings of the fund remain a part of the fund.

(4) No part of the fund reverts to the general fund on any June 30, but remains a part of the fund available for expenditure in accordance with this part.

(b) It is the intent of the general assembly that, to the extent practicable, money from the fund must be spent in all areas of the state.

(c) It is further the legislative intent that in each fiscal year the fund be managed so that actual expenditures and obligations to be recognized at the end of the fiscal year do not exceed available reserves and appropriations of the fund.

(d)(1) Each year, the utility management review board shall report to the commissioner of finance and administration the status of the appropriations for the fund. The report must include, at a minimum, the following information:

(A) The amount of each grant accepted since the previous report and the name of the utility district receiving the benefit of such commitment;

(B) The total outstanding commitments; and

(C) The total unobligated appropriation.

(2) The utility management review board shall transmit a copy of each report to the speaker of the house of representatives and the speaker of the senate, the state treasurer, the state comptroller of the treasury, the office of legislative budget analysis, and the secretary of state.

(e) The utility management review board shall determine the appropriate amount of each grant based on the criteria set out in § 7-82-704(b).

(f) Utility districts that are recipients of grants under this section shall submit quarterly reports on a form approved by the utility management review board.

(1) "Department" means the department of children's services; and

(2) "Relative caregiver" means a person with a first, second, or third degree of relationship to the parent or stepparent of a child who may be related to the child through blood, marriage, or adoption.

The department must provide notice of additional requirements in writing to the relative caregiver within ten (10) days prior to the requirement's effective date.

In such a case, the young adult must be in compliance with a course of treatment as recommended by the department.

(d) The extension of foster care services may be provided to a young adult who meets the requirements of subsection (c) but refused those services at the time of the young adult's eighteenth birthday if the young adult seeks those services prior to the young adult's twenty-first birthday.
